DETAILED ACTION

Election/Restrictions

This application is in condition for allowance except for the presence of claims 26-30 directed to species non-elected without traverse. Accordingly, claims 26-30 been cancelled.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 26-30 have been cancelled.

Allowable Subject Matter

Claims 1-10 and 31-34 allowed.

The following is an examiner's statement of reasons for allowance: the Examiner agrees with Applicant's arguments. The prior art fails to teach or fairly suggest the following in italics, in addition to the accompanying features of the claims, a system comprising an interference pattern generator to generate, at a first location, an interference pattern, including an interference fringe; a spatial filter to limit the area at the first location actually illuminated by the interference pattern; and *a positioner to displace the actually illuminated area across the first location in a direction crossing the interference fringe and to maintain a substantially constant position of the interference pattern relative to the first location despite the displacement.* Claims 2-10 and 31-34 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mary A. El-Shammaa whose telephone number is 571.272.2469. The examiner can normally be reached on M-F (8:30am-5:00pm).
